7 vehicles. 1 purpose.

There's fun to be had out there, and, fortunately, a lot of ways to go about finding it. So, allow us to make a few introductions. Going clockwise, meet the 2-door Wrangler, the Commander, the Patriot, the Grand Cherokee, the Compass, the all-new Liberty, and the 4-door Wrangler Unlimited. We won't test you on their names, but Mother Nature might. Because when she slaps down a 30-percent grade in your path, know that the Commander and Grand Cherokee can boast an available 5.7L HEMI® V8 to tackle it. And if it's the wide-open road calling? No problem

with up to 28 highway mpg* in the Patriot and Compass. Is that a riverbed in your way? Take advantage of both Wranglers' drain plugs and splash on through. Or navigate slick roads with the Liberty's 4-wheel disc ABS. Sure, each vehicle is different, but they're all driving toward the same thing. And when the wind's in your hair and the goose bumps are bumping, you'll know you've found it. Jeep.com **Have fun out there. Jeep**
